

The Nightingale
Mentoring Network

Liv Randi Roland, Lillehammer, Norway

Tamina Kappeler, Zug, Switzerland

Carina Sild Lönroth, Malmö, Sweden

Agenda Zoom board meeting the 28th of September at 2 o'clock

- **The Nightingale location description/situation, Covid-19**

Nightingale Zug will continue with the Nightingale as a course for students but also expand it to be a voluntary choice for students who want that.

Lillehammer have got more applying students than last year. (The other Norwegian institutions have got approximately the same applicants as last year.)

In Malmö it has been different to only be able to recruit digital but the global message on Canvas have been the most helpful tool.

- **New board member**

Peter Stammerjohan from Nightingale Berlin has asked to join the board. We welcome him.

- **Annual Report and Mentor Evaluation**

Unfortunately not so many partners have not sent their reports. A reminder will be sent out in the next Newsletter.

- **Next Network meeting the 24th of February, 2021, as a “Zoominar”**

At our last Network Meeting in Malmö the 24-25th of February 2019 the topic was *Mentor Training*, which means we now have reached the topic *Supervision*.

This time we want to try it as a digital meeting with possibilities for different target groups to attend.

It will be mentioned in the coming Newsletter, but partners can also come up with suggestions. Maybe a new idea-page on our Nightingale website can be a possible tool.

Liv has contributed and written one chapter in a book: *Values in Child Care. How students are encouraged to reflect on varying value orientations in their meetings with children and their families.* Maybe she can present that on our webinar? She will send it to Carina to share it on the webpage.

- **Network Meeting in Lillehammer, Norway, 24th of February 2022**
- **News/Newsletter**

It will be held a European Mentoring Summit 2020, the 7-8th (at 11:00 to 12:15) of October. Carina has got the question if she can moderate a panel of cultural diversity with 3 Nightingale projects from Europe with a broad experience and knowledge to be shared in a session. Nor Liv or Tamina can participate in this and the message come too late. We have to say no...Would be nice to do this another time. But have time to prepare it.
- **Next board meeting**

Suggestion: 16th of November at 2 o'clock or 23rd of November at 2 o'clock

/Carina
