## Minutes Board meeting the 29<sup>th</sup> of March

- **Zoominar resumé from the 24<sup>th</sup> of February**

The board found the zoominar very fruitful and want it to be an event every year. (This will be continued to discuss with Network partners, next network meeting in Lillehammer 2022).

Partners were happy about having experience exchange in break-out-rooms and be able to meet and have small discussions together about Covid-19.

The lecture Liv and Peter delivered were very interesting, well prepared and appreciated of all.

- **Next Nightingale Network Meeting Lillehammer, Norway the 24<sup>th</sup> of February 2022**

Since Liv didn't attend to this meeting we will discuss this again at next board meeting.

Òscar and Jordi are willing to present their book and research articles at this Network Meeting in Lillehammer.

- **Our work until next meeting**

We discussed the possibility to let mentees from different Nightingales become Pen-pals. We also talked about the possibility for mentors to have experience exchange and meet online. Berlin and Zug Nightingales will make try and a pilote project will start soon. Peter will write about it in our next coming newsletter.

- **New Networkmember:**

Partners from different Rossinyols/Nightingales in Spain are connected to NGO:s and next week Carina will have a meeting with some coordinators from Spain/NGO:s. They have been offered no to pay any Nightingale Network fee, which the board now agreed on is ok.

We will also invite David from Nightingale Ghana next semester to join the Network for free.

- **Next board meeting**

Wednesday the 26th of May at 1 o'clock.
