

The Nightingale
Mentoring Network

Núria Mestres
Cecilie Ellefsen
Carina Sild Lönroth

Board meeting the 21st of April 2022

Presentation of the new board

The new board member is: Núria Mestres, *Rossinyol*, Girona university Spain, Cecilie Ellefsen, Nattergalen NTNU, Trondheim Norway.

Peter Stammerjohann from Freie univerität Berlin Germany will stay another year and Carina Sild Lönroth is the lead partner from Malmö university, Sweden

The role of the board

We looked through the document “The role of the board” but didn’t change anything. Except the name for the new board member. The document can be find on the webpage “the board” <https://nightingalementoring.mau.se/the-board/>

The national network meeting and minutes

The board now consists of one partner from each national network. The idea is that interesting news, ideas, or discussions made in these national meetings will come to the board’s attention much easier through each board member. It can then be discussed in the board too.

Information or discussion made in the board will also reach each national network much easier through the board member.

Each board member is responsible for this by sending Minutes to the board or present what have been discussed in the national meetings.

Other

Carina had one idea. Why not let tandems (mentors and mentees) in each city write something about their meeting and take photos, if possible? Then we can compile these stories about mentoring in Europe (Africa) and make a booklet or something digital and to put on our webpage or as a handout material. To spread. To show the variety and diversity of our Nightingale/Rossinyols/Nattergalen/Näktergalen.

Next Conference

We hope to have a live Conference the 24th of February 2023. Berlin? We will continue the discussion.

Next board meeting

Suggestion, the 15 June at 2 o'clock, or 16th of June at 2 o'clock.

/Carina
