  The Nightingale Berlin has now confirmed they will be able to host the Nightingale Network from the 23rd of February – 24th.
  In the end of November Peter will send a draft version of the agenda. The board will give him feed-back and we will then discuss the agenda on our next coming board meeting trying to finalize the program and put some information about it in the next newsletter with a link to Berlin Nightingale.
  Peter will also count the prize with almost everything included: lunch, dinner, and an event.
  Peter has arranged so that we as partners do not pay for renting the rooms during the Network meeting days. He will also recommend some hotel for our stay. However some of the partners must book hotel by a agency connected to the University.

  The Network meeting will end Friday the 24th after having lunch together.
